MUSIC LESSONS

Music lessons at Wyoming Fine Arts Center have one simple goal:
consistent, joyful engagement learning music with a great teacher.

Our passionate and distinguished **music faculty** work with **all ages and levels** of musical experience.

HOW IT WORKS...

Private music lessons are billed on a **flat monthly tuition** basis. Tuition reserves your weekly lesson time and instructor commitment.

Upon initial enrollment in private lessons, students commit to a minimum of **three consecutive months of tuition.**

"Why do we require 3 months initially?"

Learning an instrument is a **gradual process**, and it takes time to build foundational skills and to see progress.

During the first few lessons, students are adjusting to something **entirely new**: reading music, developing coordination, and understanding technique.

Learning for full three months, allows for those initial challenges to turn into a clearer sense of understanding if they like the instrument.

Start with a free trial

Just want to try it out?

Trial lessons are free* and are subject to instructor availability and are limited to one trial per student per instrument.
